

ON FLOOR DOWNDRAFT

Introducing the Truflow On Floor Downdraft with side extraction. The ultimate solution for flawless finishes when workshops are unable to install a pit and an access ramps for above floor grating is not suitable.

Elevate your painting and coating processes with unparalleled precision and efficiency. With this cutting-edge downdraft you have functionality and reliability all built into one package. The Truflow booth ensures that overspray is immediately drawn away from your workpiece, resulting in a pristine finish every time.

Say goodbye to uneven coatings and hello to consistent, high-quality results. Boost productivity, minimize waste, and create a safer working environment for your team.

Australian made & designed, the products we produce are a true example of Australian ingenuity and engineering.

Built to last the test of time in any high demand paint shop environment.

PROUDLY AUSTRALIAN
MADE

WHEN RAMPS OR PITS ARE NOT AN OPTION, A ON FLOOR DOWNDRAFT WILL GIVE YOU THE CLEAN ENVIRONMENT YOU NEED

FULL DOWNDRAFT AIRFLOW, EXHAUST BOTH SIDES

The inlet ceiling plenum allows for air to enter the booth through the full-length, and flows downward over the product. When air reaches the floor, it is pulled into floor-level filtered exhaust plenums on both sides of the booth.

ENGINEERED SOLUTION, FLEXIBLE TO SUIT YOU

With all designs tailored to meet customer specifications and 4114:2020 Spray Booth Standards. Our engineering team work tirelessly to ensure we deliver projects on time and to specification. No project is too large or small for our team.

LONG LASTING CONSTRUCTION BACKED BY 5 YEAR WARRANTY

Manufactured to be robust and to withstand the demanding environment of a high volume paint facility. Constructed from engineered insulated core panel, CNC galvinsed sheetmetal pressed panel, 3mm steel fan cases with powder coated finishes and heavy duty steel frames where supports are required. A Truflow open booth will last the test of time - which is why we are confident to offer our 5 year Australian Warranty.
